Special Education Needs and Disability - SEND Policy

2026-2027

SLT Responsible for this Policy

- Carolyn Dunn, Vice Principal (Pastoral)

Telephone: 01223 578280

Email: Carolyn.Dunn@abbeycambridge.co.uk

This policy is reviewed on an annual basis		
Annual Policy reviewed by:	Carolyn Dunn	June 2026
Approved by SLT and Published:	Carolyn Dunn	June 2026
Next Review:		June 2027

This policy has been approved by SLT and adopted on behalf of the Governors, and is addressed to all members of staff and volunteers and is available on the school's [portal](#). It is available to parents on request. It applies wherever staff or volunteers are working, including when this involves being away from the school.

Vision/Mission Statement from School

Our Vision for Excellence:

“A community energised by the love of learning and the pursuit of outstanding achievement for all.”

Section A – Principles and Objectives

SECTION 1

1. Vision

In accordance with the College vision, to be ‘A community energised by the love of learning and outstanding academic achievement for all’ all students should have the opportunity to access the curriculum so that they can develop a love of learning. Along with high quality inclusive teaching, the College will offer appropriate interventions and access arrangements for students identified with special educational needs and disabilities.

This document will provide information about the College’s philosophy and aims with regards to students with SEND. It outlines the roles and responsibilities of staff and encourages a whole school approach to ensuring the progress of students with SEND, including raising awareness of the cultural sensitivities surrounding SEND.

2. Background

A child with special educational needs or disability (SEND) is one who may not be able to gain full access to the curriculum offered to the majority. Their needs will be identified as:

- Communication and Interaction
- Cognition and Learning
- Social, emotional and mental health
- Physical and/or sensory

National figures indicate that around 13% of young people of school age will be affected by some type of special educational need. Generally, they will exhibit a discrepancy between expected performance and actual performance. Irrespective of their intellectual ability, specific challenges may inhibit their ability to work to their potential.

This policy clarifies the approach we take to accommodating students with SEND challenges and supporting them in maximising their potential.

3. Legal framework

This policy is provided in accordance with the Children and Families Act 2014, as well as other legislation and associated regulations relating to children and young people with special educational needs and disabilities (SEND). These include:

- SEND Code of Practice: 0-25 years (2024)
- The Special Educational Needs and Disability Regulations 2014
- The Special Educational Needs (Personal Budgets) Regulations 2014 in relation to Education Health and Care Plans
- Equality Act 2010

4. Definition of Special Educational Needs and Disabilities (SEND)

We consider a child as having SEND if they have a **learning difficulty or disability**, which calls for **special educational provision** to be made for them because they:

- have a significantly greater difficulty in learning than the majority of children of the same age,
- have a disability, which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools.

Special Educational provision is educational or training provision that is **additional to** or **different from** that made generally for other children or young people of the same age

A student will not be regarded as having a learning difficulty solely because their home language is different from that in which they are taught. We may recommend that some children, whose first language at home is not English, receive support in English as an additional language (see our EAL policy).

We recognise that many students will have additional needs at some time during their educational career, which may not be deemed to be ongoing and may only be short term. It is also recognised that some students will have long-term additional needs. We believe that by implementing this

policy their needs may be appropriately supported in order for them to achieve to the best of their abilities.

The following acronyms are used in this document:

- SENDCo – Special Educational Needs and Disability Coordinator (details of role & responsibilities can be found in the Appendices)
- AfL – Assessment for learning
- DSL – Designated Safeguarding Lead
- EHCP – Education, Health and Care
- ILP – Individual Learning Plan

Abbreviations and agreed definitions are:

SEND student - A student with special needs is one who, for any reason, may not be able to gain full access to the curriculum offered to the majority of students.

These reasons may include:

- Physical disability, including visual and hearing impairment.
- Learning difficulties, including specific learning difficulties (e.g. dyslexia).
- Emotional or behavioural difficulties.
- Illness and long-term absence.

ASD – Autistic Spectrum Disorder

ADHD – Attention Deficit Hyperactivity Disorder

PSHE – Personal, social and health education

Access arrangement - Supporting learners with needs so that they can access their exams as easily as anyone else.

5. Admissions policy in relation to SEND

We are firmly committed to inclusivity and to giving every child the best possible start in life. Irrespective of their special educational needs or disability, we consider all children for admission to the school/college who have the ability and aptitude to access an academic curriculum. Students whose SEND needs are suited to the curriculum are welcome provided that we have the appropriate resources and facilities to provide them with the support that they require.

Before a place is offered at the school/college (and preferably prior to application):

1. Parents must disclose to the college any known or suspected circumstances relating to their child's health, development, allergies, disabilities and learning difficulties. The college reserves the right to subsequently withdraw any place offered based on incomplete disclosure of known or suspected SEND circumstances.
2. Based on such disclosure, the college will confirm whether or not it is able to fully meet the needs of the child.

Where a child's SEND need is identified, or develops, after the child has started at the college, we will endeavour to continue support the child as long as:

1. We have the appropriate resources and facilities to provide them with the support they require,
and,
2. We believe it is in the best interest of the child and of the college community to remain at the school/college.

Where, in our judgement, either of these conditions no longer apply, we reserve the right to withdraw a place at the college. In such circumstances, we will use our reasonable endeavours to support parents in finding alternative arrangements. (details can be found in the Fitness to Study Policy)

6. Principles and Aims

At Abbey College Cambridge we aim to

- ensure that all students have access to a broad and balanced curriculum
- provide learning which is differentiated according to the needs and abilities of the individual
- promote sensitivity and responsiveness to SEND throughout the college
- encourage students with SEND to take as full a part as possible in all college activities
- educate students with SEND, whenever possible, alongside their peers within the mainstream curriculum
- provide effective communication with the parents regarding their child's progress and attainment, and to recognise and encourage the vital role played by parents in supporting their child's education
- stimulate and maintain curiosity, interest and enjoyment for students with SEND in their own education, setting themselves aspirational personal targets, and ensuring that they are involved, where practicable, in decisions affecting their future SEND provision

7. Objectives

To fulfil our principles and aims, our objectives are:

1. To identify and provide for students who have special educational needs and additional needs and/or disability.
2. To work within the guidance provided in the SEND Code of Practice, 2024.
3. To operate a "whole student, whole school" approach to the management and provision of support for special educational needs and disability.
4. To provide a Special Educational Needs Co-Ordinator (SENDCo) and assistant SENDCo, who will work with the SEND Policy.
5. To provide support and advice for all staff working with special educational needs and disabled students.

Section B – Implementation and Monitoring

1.1 Identification, Assessment and Provision

1.1.1 Special Educational Provision

Section 21 of the Children and Families Act 2014 states:

“Special educational provision”, for a child aged two or more, means educational or training provision that is additional to, or different from, that made generally for others of the same age. At the same time, we will consider whether a young person has a disability under the Equality Act 2010 and, if so, what reasonable adjustments may need to be made and whether we can reasonably accommodate and support these needs effectively.

Abbey College Cambridge endeavours to ensure that such provision is made for those who need it. Special educational provision is underpinned by high quality teaching and is compromised by anything less. We recognise the importance of early identification of SEND. Evidence shows that early intervention and response improves the long-term outcomes for students.

Where a student is identified as having SEND, action will be taken to remove the barriers to learning. This SEND support will take a four-part cycle, known as the ‘graduated approach’. The four parts to the cycle are: Assess, Plan, Do, Review (SEND Code of Practice 2024). This is a whole school approach to ensuring outstanding progress for students with SEND. Students are central to this approach, and review should be frequent in order for the support to remain effective, personalised and up-to-date.

At Abbey College Cambridge high quality teaching, differentiated for individual students, is the first step in responding to those who have or may have SEND. If any additional support, over and above that of the normal curriculum, is to be provided, parents will be informed as deemed appropriate. Additional support cannot compensate for the lack of high quality teaching. Reviews of the quality of teaching will include teacher’s understanding of strategies to support SEND students.

The SEN team works closely with the medical team to support all students at Abbey College Cambridge. Weekly meetings give both the time to raise concerns, provide updates on students of concern and to devise (where needed) fully holistic support.

This support includes referrals to internal resources such as student support workers, academic mentors, counsellors (including face to face or online sessions) or external agencies for more specialised support/assessments and diagnosis (ADHD)

1.1.2 The SEND register

The details of the process from an administrative point of view are all held within the SEND Master Document on the T-drive. All ILP's are held in the SEND folder on the t-drive.

Students on the SEND register and receiving additional support or intervention, will have their progress monitored within the targets of their group or individually. This is over and above the school-wide progress tracking.

Access arrangements for examinations and individual educational psychologist's reports are stored securely on the t-drive and have restricted access.

1.1.3 Identification and Assessment

- Classroom teachers and pastoral/boarding staff should communicate any initial concerns about a student to the SENDCo:
 - Behaviour or ability to socialise.
 - Reading and/or writing.
 - Concentration levels.
 - Physical needs or impairments.
 - SEND Support Frameworks for each of the four categories of need will be used to assist with Identification and provision. (See Appendices.)

1.1.4 Screening

The following will be used to assist in making an initial assessment of the student.

- The outcome of internal college tests/exams.
- Concerns raised by parents, teachers, other college staff, the student, and outside agencies and to take account of any information that they provide (for example Educational Psychologist, Occupational Therapist or Speech and Language reports)
- Behaviour data
- Regular in-class and/or subject assessments. Subject teachers will make regular assessment of all students and identify those who are making less than expected progress. An in-class approach will be used to support the student before considering a SEND response.
- Response to in class strategies e.g. writing frames, extra time in tests/homeworks, scaffolding, pre-reading etc.
- Both the Medical and SEND (Special Educational Needs) department work closely together to support all students at Abbey College Cambridge. Weekly meetings give both the time to raise concerns, provide updates on students of concern and to devise (where needed) full holistic support. This support includes referrals to internal resources that are available to the college such as student support workers, academic mentors and counsellors or external agencies for more specialised support.

- Abbey College Cambridge's Matron also emails parents and guardians on a termly basis to give the opportunity for newly diagnosed conditions (both medical & educational) to be declared.

A student trawl requesting relevant information will be circulated to all teachers, tutor and HSM to gather any evidence that the student is not making the necessary progress and/or finding college life difficult. Staff should supply evidence to support the information which will be reviewed by the SEND team. A register will also be kept of those students who are thought to have learning difficulties.

In-class observation of the student by the SENDCO/Asst. SENDCO will be carried out to identify any SEND students and to support staff in delivering appropriate high quality differentiated teaching.

1.1.5 Referrals

High quality teaching

- The first response to any student identified as having possible learning difficulties will be highly targeted teaching at the area of weakness by the subject teacher with high quality differentiation and scaffolding strategies to support learning Asst SENDCo-and activities.
- Following this, if there is no improvement, the subject teacher will review their own practice still further - reflecting on alternative ways in which to support the student via visual representations, chunking information, presenting vocabulary prior to learning, over-learning techniques, paired learning with a higher-level student, practical activities to consolidate learning.
- If the student is still not making progress after this process, further evidence will be gathered. This evidence will include: - lesson plans demonstrating evidence of the above process and strategies employed, class test results, quality of independent work, views of the student and teacher regarding homework etc.
- An educational psychologist or specialist teacher approved by Abbey College Cambridge may be involved in assessing the student; the results of which will be communicated to parents (as appropriate). All such professionals undergo the relevant checks including qualifications before working with students as part of the SCR vetting process.
- The information from the assessment will be used to produce an ILP for the individual student which will be shared with all relevant teachers by the SENDCO/Assist. SENDCO. Parent approval for permission and funding for an

assessment will be sought if the student is under 18 years old. Students over the age of 18 might self-fund and Abbey College Cambridge will gain permission from the student before information is shared with parents.

Plan – planning provision

- Support and interventions are agreed upon by the SENDCo/Assist. SENDCo, student and teachers with appropriate communication sent to parents on an individual basis to contribute towards planning provision.
- A student ILP will be written by the Assist. SENDCo, and will be accessible to staff.
- Individual Learning Plans will be shared and reviewed at a meeting between the student and the Assist SENDCo.
- The meeting will review progress, set clear targets to move forwards, discuss the support that will be given to help the student achieve their targets and identify the responsibility of the student, school/college and where appropriate the parent.
- ILP's will be reviewed following Progression meetings
- Lessons should be differentiated appropriately based on the individual student ILP. While awaiting assessment, early intervention strategies will be communicated to teachers and boarding staff by the SENDCo/Assist. SENDCo.
- The student ILP will provide guidance on:
 - Student name, class, subjects taken.
 - Strengths and areas for improvement.
 - Intended outcomes.
 - Interventions.
 - Access arrangements.
- Students who hold an EHCP or a valid diagnosis of a learning need will be noted as 'S' on ISAMS.
- Students who exhibit learning needs, without having a valid diagnosis or where their needs are covered by Quality First Teaching, will be noted on ISAMS as 'K'
- Abbey College Cambridge also operates a Watch List system. These students are not noted on ISAMS, but the list of these students is available to staff on the T drive. These

students have been referred to the SEND department following SEND concerns but do not fully meet the threshold.

- An Assist. SENDCo is employed to provide learning support tailored to meet the needs of each student.
- The Assist. SENDCo will liaise with subject teachers to ensure learning support lessons are designed to help students to meet their targets.
- Boarding staff will make adjustments as per the student ILP and ensure that 'home life' is a supportive environment where students can have a healthy work-life balance and are able to access appropriate support for homework and studying from boarding staff or host families.
- Staff setting detentions will ensure that detention Asst SENDCo are appropriate for all learners and planned for students with SEND.
- The Examinations Officer will plan to ensure all available Access Arrangements are prepared in liaison with the Assist. SENDCo overseen by the SENDCo/Vice Principal Pastoral and will include: -
 - Extra time allowance as suggested by assessment/SENDCo.
 - Application for access arrangements.
 - Supervised rest breaks.
 - Provide prompter, scribe or reader depending on need.
 - Use of a word processor.
 - Large print papers.
 - CPD for Invigilators working with SEND candidates.

Do – implementing support

The classroom teacher remains central to ensuring that the intentions of the student ILP are carried through in the classroom on a daily basis.

- Teachers should use the summary to: -
 - Focus on the intended outcomes for the student.
 - Continuously evaluate the quality of support provided.
 - Have high aspirations for every student.
- The Head of Department will ensure that the schemes of work and resources provided are appropriate to a range of abilities and SEND.

- The Assist. SENDCo will plan learning support sessions for either groups or individual students to support their learning in the classroom. Attendance is compulsory for students.
- Guidance and support for teaching and SEND students is provided in the form of in-house CPD training, individualised department support and resources.
- Boarding staff and where appropriate host families will ensure SEND students are completing their homework and have full support at home with their studies. In-house CPD will be provided.

At Abbey College Cambridge we are committed to ensuring that learning support is regarded as a collaborative effort between teachers, the pastoral team, parents, the SEND team, boarding/host families' staff and the student.

Review – monitoring progress

The purpose of the review is for the classroom teacher, Assist. SENDCo/SENDCo to discuss whether a student is making adequate progress. Student summary reviews will be termly and will draw on evidence such as: -

- progression,
- behaviour,
- ability to work independently,
- health and development,
- medical considerations
- and advice from external experts.

Reviews will also take into careful consideration the views of the student and, where possible, the parents.

- SLT/SMT will track SEND students as part of Assuring Excellence by conducting observations for students with SEND to make sure that the SEND policy is used in working practice, and to ensure that the student is receiving the support they need, and that learning is differentiated according to the student ILP.
- During Progression meetings, the SENDCo/Assist. SENDCo will ensure that each student receives a 360° degree review taking into consideration pastoral and academic views, and update the ILP accordingly.
- Progress of students with SEND is reported to parents through the school reporting system.

- School governors review whole college SEND provision annually through a report from the SEND team and visits which include learning walks and observations.

1.2. Equal Access

All teaching and non-teaching staff are responsible for ensuring that all students, in accordance with the Equalities Act 2010, irrespective of ethnic origin, sexual orientation and social circumstances have access to the whole curriculum and the opportunity to make the greatest progress possible in all areas of the curriculum while at our college.

All staff working with a SEND student should be aware of the individual and differing needs of the student, and have access to ILPs. The SENDCo will ensure that when an external report is received, a language accessible summary (ILP) is made available with practical suggestions where possible.

1.3. Resources

The responsibility for determining the amount of resources for SEND lies with the school/college Senior Leadership Team who will seek advice from the SENDCo.

- The resources for SEND are used to provide specific training on SEND and specialist resources. The costs of the SENDCo are met from the main college budget.
- The SENDCo has the key responsibility for determining the allocation of these resources in consultation with the Senior Leadership Team and may also consult the rest of the staff regarding areas of need within the classroom.
- The school provides a dedicated classroom for students with SEND – the learning hub. The room can be accessed by students at all times during the school day.

1.4. SEND Professional Development

- All staff in the school/college will be provided with general or specific training or information on meeting the needs of SEND student within their classroom.
- The SEND department should be given the appropriate opportunities to attend external courses to keep abreast with current expertise and thinking in order to best address SEND issues and support SEND students.
- The SENDCo should be aware of relevant courses relating to SEND which staff can request access to and the SENDCo can advise as necessary. All staff have access to training.
- Attendance on courses is usually planned in relation to staff need and decisions about staff development are based on this.

Occasionally, specialised training will be necessary to support the needs of a particular student. This will be provided to those staff most directly involved with the student.

There is an expectation that staff who receive training will disseminate their knowledge to others to benefit all working with SEND students.

As part of staff training staff are made aware that: -

Persistent disruptive or withdrawn behaviour do not necessarily mean that a young person has SEND. If there are concerns, a brief out-line assessment will be made by the SENDCo/Assist. SENDCo and the pastoral team working with the student, to try to determine if there are causal factors such as undiagnosed learning, EAL, communication or social/emotional needs.

Beyond the Label

At Abbey College we want to move away from a diagnosis of or specific traits of neurodiversity or other specific learning difficulties, when concerns are raised and look 'Beyond the Label'. Instead, we will look at 4 main cognitive functions - attention, language, processing & working memory.

Students with the most common diagnoses or 'labels' will usually need support in one or more of these areas therefore, when asking for input from teaching & boarding staff, comments in respect of these 4 cognitive functions will form the basis of any support we put in place.

By going 'Beyond the Label', we hope to foster more constructive conversations with students, parents & agents regarding any concerns that we have while still being able to be fully mindful of cultural difference that may restrict such interactions.

1.5 Reasonable Adjustments for Examinations

- The Joint Council for Qualifications (JCQ) guidelines for the implementation of reasonable adjustments are followed within Abbey College Cambridge and for all our internal exams.
- In practice this means that, whilst advice and recommendations may be given in external specialist reports, it may not always be possible to follow these if the assessment results data does not fall with the limits set down by the JCQ. However, we will enforce all reasonable adjustments in examinations, as recommended by a specialist report (e.g. Educational Psychologist), that are supported by the evidence of standardized data, which fall within the JCQ guidelines.
- A student receiving reasonable adjustments for examinations may not be on the SEND register if their needs are being met through high quality teaching.

- If a student has a diagnosis, we will still ask that parents advise us and provide copies of any relevant paperwork as a diagnosis can still be an important part of getting a student the support they need; however, in most cases, a UK diagnosis is needed for Access Arrangement purposes.

1.6 Communication and Collaboration –

1.6.1 Partnership with Parent Carers

We will ensure that parents are fully informed of any SEND needs their son/daughter may have on an individual basis and considering the student's age.

Partnership with parents plays a key role in promoting a culture of co-operation. This is important in enabling students with SEND to achieve their potential.

Parents hold key information and have a critical role to play in their son/daughter's education. They have knowledge and experience to contribute to the shared view of a student's needs. We actively seek to work with parents and value the contribution they make.

Parents may be expected to:

- Recognise and fulfil their responsibilities playing an active and valued role in their child's education by supporting their son/daughter's SEND needs.
- Alert Abbey College Cambridge to any concerns they have about their son/daughter's learning or provision.
- Fulfil their parental obligations to their son/daughter. This will usually be done through: Parent Consultations/Meetings/Correspondence (informal or formal)

Parent may expect to:

- Be informed by the school/college of their child's placement within the SEND framework
- Be informed what support their son/daughter is receiving
- Be informed of their son/daughter's progress via parent-tutor-Housemaster communications such as email or direct conversation, college reports, exam results and feedback from personal tutor meetings.

- Have the opportunity to make their views known about how their son/daughter is educated via direct communication with their son/daughter's tutor, teacher, Housemaster or SENDCo/Assist. SENDCo.
- The cost of any assessments will be the responsibility of the parents.

1.6.2 Parental Concerns regarding SEND

If any Parent has concerns, or wishes to make a complaint regarding their child's Special Educational Needs these procedures should be followed:

- Raise initial concerns with the Subject teacher. Usually any problem can be dealt with at this stage.
- Raise the issue with the SENDCo
- Arrange a meeting with the SENDCo - if it involves a conflict which cannot be resolved, the Head should be involved.
- Arrange a meeting with the Principal

For further details of formal complaints, refer to our Complaints Procedure (available on our website).

1.6.3 Student Voice

For students with SEND, we aim to involve the student in understanding their difficulties and what is needed to overcome them. We also encourage students with SEND to make choices about targets and other elements of the SEND process, facilitated by an adult when necessary. Therefore, as part of the student's SEND provision the college will ensure that the views of the student are listened to and acted upon if appropriate.

1.6.4 Specialist Support

Where a student continues to make less than expected progress due to SEND, despite the use of an evidence-based approach and well matched interventions, we may recommend consultation, assessment and support from outside agencies (for example Speech and Language or Occupational Therapy). Equally, parents are advised to involve the college if specialist provision is sought privately.

1.7 Record-keeping and evaluating the success of the policy

Records are kept of the progress of SEND students and this policy is reviewed on an annual basis to assess how we are doing. The process of review will involve the SENDCo and the SLT. Review of the policy will take into account:

- Any legislative changes
- The progress made by students with SEND at the Abbey College Cambridge College
- The success of Abbey College Cambridge in including students with SEND
- Any recommendations from internal governance reviews and external inspections

Appendix I - The Role of the SENDCO

Appendix 1 - Checklist for Early Detection of SEND

Name of student:

Teacher:

The observations below are of a nature that a teacher would identify quite early.

Criteria	✓
Significant discrepancy between oral and written performance	
Persistent difficulties with spelling easy or common words	
Erratic spelling- has good and bad days	
Difficulty getting ideas down on paper	
Problems putting things in sequential order	
Written work fails to express the student's understanding, ideas or vocabulary	
Easily misreads or miscopies	
Loses place easily when reading or following instructions	
Has difficulty seeing errors- cannot proof-read	
Finds reading new words difficult	
Handwriting may be messy, poorly constructed or immature	
Shows left / right confusion	
Finds it difficult to memorise / remember new facts, new words, and new instructions	
Has trouble generalising or acquiring and applying new rules	
Does not seem to learn by ordinary teaching methods	
May be described as a quick forgetter rather than a slow learner	

NB: Not every student with SEND shows all these difficulties, but when a number of difficulties are manifested simultaneously further investigations should be made.

Appendix 2 – SEND Support Framework (4 Key Areas)

Communication and Interaction

Level	Possible Indicators		Possible Student Support	Staff Involved
	SLCN	ASC		
1- Underachieving	Minor difficulties with social inference	- Generally attends in lessons, follows teacher instruction - Enjoys structure/routine - Becomes disorientated by change in routine or familiarity	- Support from class teacher using high quality differentiated Asst SENDCoks and visual / concrete materials - Noted on planning <i>Inclusive Teaching Strategies Booklet</i>	Class teacher
2 High Quality Differentiated Teaching	- Some difficulties with social inference - Cannot recall more than 5 unrelated items, in correct order, in a verbal memory Asst SENDCok - Minor receptive or expressive language irregularities/difficulties	- Generally attends well-structured lessons, follows teacher instruction literally - Agitated, upset by change in routine or familiarity or finds them quite challenging - Challenged by group work, often wanting control	- Record of Concern possibly submitted to SENDCo for advice, support, observation or notification (with evidence of L1 support complete but not successful) - Intervention via social group support x 1 per week - Access Arrangements (for tests and exams)	- Class teacher - SENDCo - Asst SENDCo
3 SEN Support	- Regular/noticeable difficulties with social inference - Frequent receptive or expressive language irregularities / difficulties (word finding difficulties) - Unable to follow a 2-part (Infants), 3-part (junior) instruction	- Possibly diagnosed with ASC or PDD - Noticeable difficulties with social interaction, poor communication and understanding affecting behaviour - Struggles to follow whole class situation – needs to be told instruction directly - May be socially withdrawn / vulnerable	- Record of Concern submitted by Class Teacher - Withdrawal for intervention 1:2 or 1:1 x 1 per week (social skills) by school staff - Access Arrangements (for tests and exams) - SALT x 1 session per week <i>Lego Therapy</i>	- SENDCo - Asst SENDCo - Class teacher - Speech and Language Therapist - Housemaster
4 SEN Support +	- Cannot recall 4 unrelated items in correct order - Cannot understand spatial concepts (e.g. above, below) - Cannot use pronouns (e.g. their) - Moderate word finding difficulties	- Has diagnosis of ASD or PDD - Has significant difficulty functioning independently in the classroom - Is unable to follow whole class instructions - Significantly misjudges social situations - Extreme levels of anxiety and need for routine, excessive behaviours relating to routine	- Withdrawal for intervention 1:1 x 2 per week (social and language/vocab skills) - Access Arrangements (tests and exams) - Individual Support Plan - SALT x 1 session per week <i>Lego Therapy</i> <i>ISAMS Personal Profile</i> - EHCP consideration	- SENDCo - Asst SENDCo - Class teacher - Speech and Language Therapist - Housemaster
5	Education Health and Care Plan (EHCP)		As detailed in the EHCP	- SENDCo - TA/LSA - Class Teachers

			Other external agencies
--	--	--	---

SLCN = Speech and Language Communication Needs; ASC = Autistic Spectrum Conditions; PDD-NOS Pervasive Developmental Disorder (not otherwise specified)

Appendix 2 – SEND Support Framework Cognition and Learning

Level	Possible Indicators					Possible Student Support	Staff Involved
	Non-verbal	Verbal	Reading Comprehension (NGRT)	SWST	Numeracy (Sandwell/ PiMs)		
1- Underachieving	91-95	91-95	91-95	91-95	2 sublevels below NC	- Support from class teacher using high quality differentiated Asst SENDCoks and visual / concrete materials - Noted on planning - In-class support <i>Inclusive Teaching Strategies Booklet</i>	- Class teacher - TA
2 High Quality Differentiated Teaching	85-90	85-90	85-90	85-90	3 sublevels below NC	- Record of Concern possibly submitted to SENDCo for advice, support, observation or notification (with evidence of L1 support complete but not successful) - Intervention group support x 1 per week (withdrawn) - And/or Early morning group (spelling or comprehension) - Access Arrangements (for tests and exams)	- Class teacher - SENDCo - Asst SENDCo
3 SEN Support	81-84	81-84	81-84	81-84	4 sublevels below NC	- Record of Concern submitted by Class Teacher - Group support - Or may be withdrawn for targeted intervention 1:2 or 1:1 x 1 per week (literacy/numeracy skills) by school staff - Access Arrangements (for tests and exams)	- SENDCo - Class teacher - SEND teacher - Educational Psychologist - Housemaster
4 SEN Support +	≤ 80	≤ 80	≤ 80	≤ 80	5 sublevels below NC	- Withdrawal for 1:1 x 2 sessions per week - Plus Early Morning Group - TA in-class support for daily 1:1 intervention programmes - Access Arrangements - Individual Support Plan (ILP) <i>ISAMS Personal Profile</i> - External Dyslexia tutor - EHCP consideration	- SENDCo - Class teacher - SEND teacher - Asst SENDCo - External support? - Educational Psychologist - Housemaster
5 EHCP	Education Health and Care Plan (EHCP)					As detailed in EHCP	All of the above + Local Authority

Appendix 2 – SEND Support Framework Social Emotional and Mental Health

Level	Possible Indicators	Possible Student Support	Staff Involved
1- Underachieving	- Homework regularly not completed - Significantly broken attendance - Disengagement in 2 or more subjects - Withdrawn / behaviour issues - Troubled friendships - Poor / unkempt clothing or hair appearance - Poor self-esteem	- Attendance monitoring - Class teacher / TA to talk to child - Give student roles of responsibility to improve self-esteem	- Class teacher - Asst SENDCo
2 High Quality Differentiated Teaching	- Persistent absence / broken attendance - Disengagement in 3 or 4 subjects - Significantly withdrawn / behaviour issues - Very troubled friendships - Extremely poor self-esteem	- Attendance monitoring – contact parents - Record of Concern possibly submitted to SENDCo for advice, support, observation or notification - Buddy system - Clear personalized reward chart - Significant responsibility within class	- SENDCo - Class Teacher - Asst SENDCo
3 SEN Support	- School refusal - Attendance is extremely patchy, rare - Rarely on-target in class - Achievement is extremely poor - Progress is limited, if at all - Very poor self-esteem indeed - Behaviour is significantly impacting on learning for the individual and the class	- Record of Concern submitted by Class Teacher - Attendance monitoring – HKE to contact parents - Social groups x 1 weekly - Specialist support - Individual Support Plan?	- HKE - SENDCo - Class Teacher - Asst SENDCo - LA/Social Services - CAMHs/Pediatrician - Housemaster
4 SEN Support +	- School refusal - Attendance is extremely patchy, rare - Rarely on-target in class - Achievement in all areas is extremely poor - Progress is limited, if at all - Very poor self-esteem indeed - Significantly poor and inappropriate behaviour / attention, seriously disruptive to the whole class	- Attendance monitoring – HKE to contact parents - Social groups - Specialist support - Individual Support Plan 1:1 intervention x 2 weekly <i>ISAMS Personal Profile</i>	- HKE - SENDCo - Class Teacher - Asst SENDCo - LA/ Social Services - CAMHs/Paediatrician - Housemaster
5 EHCP	Education Health and Care Plan (EHCP)	As detailed in the EHCP	- SENDCo - Class Teachers - Asst SENDCo - LA/ Social Services - CAMHs/Paediatrician - Housemaster

Appendix 2 – SEND Support Framework Sensory and Physical

Level	Possible Indicators			Possible Student Support	Staff Involved
	Visual	Hearing	Medical		
1- Underachieving	- Visual difficulties that cannot be corrected by glasses - Gets tired easily	Mild hearing loss	- Fatigue - Hypermobility Syndrome	Consider seating position in class	- Class teacher - Asst SENDCo
2 High quality differentiated teaching	- Frustration with work - Poor reading speeding - Poor writing speed	- Mild hearing loss - Difficulty with attention and / or concentration	- Poor writing speed - Generally takes longer to complete Asst SENDCoks	Record of Concern possibly submitted to SENDCo for advice, support, observation or notification	- SENDCo - Class Teacher - Asst SENDCo
3 SEN Support	- Registered as partially sighted - Distance vision worse than 6/18 - Spatial and perception difficulties - Coordination difficulties	- Moderate hearing loss - Possible use of hearing aids	Student specific e.g. significant hypermobility syndrome affecting many areas of life.	- Record of Concern submitted by Class Teacher - Student seated facing and close to teacher - Teacher to look at student when speaking - Possibly seek advise from specialists	- SENDCo - Class Teacher - Asst SENDCo - Housemaster - External Services
4 SEN Support +	- Vision deteriorating - Restricted visual field - Mobility is affected - Distance vision worse than 6/36	- Moderate to profound hearing loss - Use of hearing aids	Student specific	Advice from outside agencies, specialist support	- SENDCo - Class Teacher - Asst SENDCo - Housemaster - External Services
5	Education Health and Care Plan (EHCP)			As detailed in the EHCP	- SENDCo - TA/LSA - Class Teachers

Appendix 3 - The 4-Part Cycle of SEND Practice

We operate a holistic approach for assessing, tracking and monitoring progress. It builds on frequent review in successive four stage cycles: Assess; Plan; Do; Review:

Whole School / Setting Approach 'Assess, Plan, Do, Review'
